Please note that this list reflects current production information, but is subject to reasonable change, including additions, deletions and substitutions, and should be used for bidding and equipment reservation purposes only. Cable, Perishable and PD Panel Order will arrive under a separate cover after acceptance of bid. All necessary cable and PD Panels to be provided by the shop without delay or additional expense.

All substitutions MUST be approved by the designer. NO EXCEPTIONS, PLEASE.

All equipment to be available from the first day of shop prep, fully tested and in new or like-new condition. Any item delivered in poor repair will be immediately replaced, at the expense of the shop, with an identical working model. During the show's run, shop will be expected to operate a maximum one day turn-around on any faulty equipment. For all items the supplier is unable to repair or service, they will carry a reasonable inventory of on site spares.

All equipment, except where noted, to be supplied with the latest and most up-to-date version of firmware and software. The list includes a partial but not complete list of perishables. Full list to follow awarding of bid.  
Please include any fees for shop-prep and/or shop labor, including labor for all cable bundling, in bid.

Please feel free to contact the designer, Jeff Sherwood, with any questions or substitutions.

Thank you!
